Dear

I am writing to respond to your request sent on the 9th August 2016. OUH can confirm that it holds the data that you requested.

1. In June 2015 your hospital was selected to take part in NHS England’s new Commissioning through Evaluation (CtE) programme to assess the value of treating certain cancer patients with Stereotactic Ablative Radiotherapy (SABR).

1a. How many patients have you treated with SABR under this programme since it began? **39 (this is the numbers send to NHS England at the end of July 2016)**

1b. Which indications have you treated? Oligometastatic, reirradiation and **hepatocellular carcinoma**

1c. How many patients do you plan to treat in the next twelve months? **100**

2. Outside of the SABR CtE programme:-

2a. How many patients have you treated with SABR since June 2015? **41** *(3 from SPARC trial + 7 PACE trial and 31 lung SABR)*

2b. Which indications have you treated? **Pancreas cancer, prostate cancer in clinical trials and primary lung cancer**

2c. How many patients do you plan to treat in the next twelve months? **53**

2d. Are you planning to purchase any new radiotherapy machines in the next twelve months, if so what kind of machine are you planning to purchase? - **NO**

3. Does your hospital deliver Stereotactic Radiosurgery (SRS) for benign or malignant tumours of the brain? - **NO we are awaiting NHSE tender review for Thames Valley.**

3a. How many patients have you treated since April 2015?

3b. Which indications have you treated?

3c. How many patients do you plan to treat in the current financial year?
