Standing Orders/Standing Financial Instructions for Oxford University Hospitals NHS Trust

Introduction

1. As part of the preparatory work in preparation for the creation of the Oxford University Hospitals NHS Trust, work has been undertaken on the formulation of a set of Standing Orders / Scheme of Delegation / Standing Financial Instructions for the Trust Board to adopt at its first meeting in November 2011.

Overview

Process

2. This document is based on the latest national guidance published by the Department of Health (in March 2006) along with the current ORH and NOC documents, and recent exemplars from other NHS organisations. It is designed to be kept on the intranet for ease of reference and future amendment. Earlier drafts have already been considered by a wide range of staff within the two former trusts, and where appropriate, their suggestions incorporated into the attached document.

Changes from Previous ORH / NOC Documents

3. As drafted, the document incorporates the proposed committee structure and terms of reference and the proposed financial limits are the same as the current ORH documents with the exception of:-

   3.1. The value of contracts which the Trust Board reserve the right to approve raised from £100,000 to £1,000,000. (page 39)

   3.2. Introduction of limits on the authority to sign NHS Service Agreements (not included in previous ORH documents – page 98)

4. Other changes proposed include:-

   4.1. Inclusion at section 3.15 (page 20) of a requirement that all Trust Board members should be required to attend at least 50% of meetings held in any 12 month period.

   4.2. National guidance to be adopted in respect of the approval of the Annual Report and Accounts as a decision reserved to the Trust Board (page 40)

   4.3. Inclusion at section 11.3 (page 73) of a requirement that all managers in receipt of an audit report have a duty to take appropriate remedial action within the timescales specified in the report.

   4.4. The addition at section 16.5 (page 83) of a provision on Money Laundering.

   4.5. The updating of section 17 on Tendering and Contracting including references to E-tendering, the use of electronic auctions and ICT procurement.
4.6. The addition of section 31 (page 120) on Research & Development.

5. In addition there are a number of other minor changes to reflect updated titles of organisations, changes in legislation (e.g. the introduction of the Bribery Act 2010) and changes of titles within the Trust.

**Future arrangements**

6. The attached documents have been prepared for the Trust to meet current requirements; however, they will require further minor adjustments, in due course, to meet the requirements of a Foundation Trust. These adjustments will be made at an appropriate time in the future.

**Conclusion**

7. The adoption of these documents will ensure that the Trust has an appropriate framework in place. Arrangements will be made to ensure that they are brought to the attention of all staff and that they are readily accessible.

**Recommendation**

8. The Trust Board is recommended to adopt the attached Standing Orders / Scheme of Delegation / Standing Financial Instructions.

Mr Mark Mansfield, Director of Finance

Mr Richard Gardner, Assistant Director of Finance, NOC

SECTION A

1. INTERPRETATION AND DEFINITIONS FOR STANDING ORDERS AND STANDING FINANCIAL INSTRUCTIONS

1.1 Save as otherwise permitted by law, at any meeting the Chairman of the Trust shall be the final authority on the interpretation of Standing Orders (on which they should be advised by the Chief Executive or Secretary to the Board).

1.2 Any expression to which a meaning is given in the National Health Service Act 1977, National Health Service and Community Care Act 1990 and other Acts relating to the National Health Service or in the Financial Regulations made under the Acts shall have the same meaning in these Standing Orders and Standing Financial Instructions and in addition:

1.2.1 "Accountable Officer" means the NHS Officer responsible and accountable for funds entrusted to the Trust. The officer shall be responsible for ensuring the proper stewardship of public funds and assets. For this Trust it shall be the Chief Executive.

1.2.2 “Associate Member” means a person appointed to perform specific statutory and non-statutory duties which have been delegated by the Trust Board for them to perform and these duties have been recorded in an appropriate Trust Board minute or other suitable record.

1.2.3 "Board" means the Chairman, officer (executive) and non-officer (non-executive) members of the Trust collectively as a body.

1.2.4 "Budget" means a resource, expressed in financial terms, proposed by the Board for the purpose of carrying out, for a specific period, any or all of the functions of the Trust.

1.2.5 “Budget Manager (Budget Holder)” means the director or employee with delegated authority to manage finances (Income and Expenditure) for a specific area of the organisation.

1.2.6 "Chairman of the Board (or Trust)” is the person appointed by the Secretary of State for Health to lead the Board and to ensure that it successfully discharges its overall responsibility for the Trust as a whole. The expression “the Chairman of the Trust” shall be deemed to include the Vice-Chairman of the Trust if the Chairman is absent from the meeting or is otherwise unavailable.

1.2.7 "Chief Executive" means the Chief Executive Officer of the Trust.

1.2.8 "Commissioning" means the process for determining the need for and for obtaining the supply of healthcare and related services by the Trust within available resources.

1.2.9 "Committee" means a committee or sub-committee created and appointed by the Board or by an authorized committee, group or officer.

1.2.10 "Committee members” means persons formally appointed by the Board or by an authorized committee, group or officer to sit on or to chair specific committees.

1.2.11 "Contracting and procuring” means the systems for obtaining the supply of goods, materials, manufactured items, services, building and engineering services,
works of construction and maintenance and for disposal of surplus and obsolete assets.

1.2.12 "Director of Finance and Procurement" means the Chief Financial Officer of the Trust.

1.2.13 “Funds held on trust” shall mean those funds which the Trust holds on date of incorporation, receives on distribution by statutory instrument or chooses subsequently to accept under powers derived under S.90 of the NHS Act 1977, as amended. Such funds may or may not be charitable.

1.2.14 "Member" means officer or non-officer member of the Board as the context permits. Member in relation to the Board does not include its Chairman.

1.2.15 "Membership, Procedure and Administration Arrangements Regulations" means NHS Membership and Procedure Regulations (SI 1990/2024) and subsequent amendments.

1.2.16 "Nominated officer" means an officer charged with the responsibility for discharging specific tasks within Standing Orders and Standing Financial Instructions.

1.2.17 "Non-officer member" means a member of the Trust who is not an officer of the Trust and is not to be treated as an officer by virtue of regulation 1(3) of the Membership, Procedure and Administration Arrangements Regulations. Non-officer Board members are commonly called Non-executive Directors.

SECTION B – STANDING ORDERS

1. INTRODUCTION

1.1 Statutory Framework

The Oxford University Hospitals NHS Trust (the Trust) is a statutory body which came into existence on 1st November 2011 under The Oxford Radcliffe Hospitals National Health Service Trust (Change of Name) (Establishment) Amendment Order 2011 No 2397 (the Establishment Order).

(1) The principal place of business of the Trust is the John Radcliffe Hospital, Headley Way, Headington, Oxford, OX3 9DZ. The Trust’s other sites are the Churchill Hospital and the Nuffield Orthopaedic Centre in Oxford and the Horton General Hospital in Banbury.

(3) The functions of the Trust are conferred by this legislation.

(4) [As a statutory body, the Trust has specified powers to contract in its own name]

(5) The Trust also has statutory powers under Section 28A of the NHS Act 1977, as amended by the Health Act 1999, to fund projects jointly planned with local authorities, voluntary organisations and other bodies.

(6) The Code of Accountability requires the Trust to adopt Standing Orders for the regulation of its proceedings and business. The Trust must also adopt Standing Financial Instructions (SFIs) as an integral part of Standing Orders setting out the responsibilities of individuals.

(7) The Trust has adopted the Codes of Conduct and Accountability as required and individual Board members confirm their adoption of these codes each year.

(8) The Trust will also be bound by such other statutes and legal provisions which govern the conduct of its affairs.

1.2 NHS Framework

(1) In addition to the statutory requirements the Secretary of State through the Department of Health issues further directions and guidance. These are normally issued under cover of a circular or letter.

(2) The Code of Accountability requires that, inter alia, Boards draw up a schedule of decisions reserved to the Board, and ensure that management arrangements are in place to enable responsibility to be clearly delegated to senior executives (a scheme of delegation). The code also requires the establishment of audit and remuneration committees with formally agreed terms of reference. The Codes of Conduct makes various requirements concerning possible conflicts of interest of Board members.

(3) The Code of Practice on Openness in the NHS sets out the requirements for public access to information on the NHS. In addition, the Trust has in place a publication scheme in response to the Freedom of Information Act, and systems to respond to requests made under the Act.
1.3 Delegation of Powers

The Trust has powers to delegate and make arrangements for delegation. The Standing Orders set out the detail of these arrangements. Under the Standing Order relating to the Arrangements for the Exercise of Functions (SO 5) the Trust is given powers to "make arrangements for the exercise, on behalf of the Trust of any of their functions by a committee, sub-committee or joint committee appointed by virtue of Standing Order 4 or by an officer of the Trust, in each case subject to such restrictions and conditions as the Trust thinks fit or as the Secretary of State may direct". Delegated Powers are covered in a separate document (Reservation of Powers to the Board and Delegation of Powers). (See Section 1.8 and Appendix 2 of the Corporate Governance Framework Manual.) This document has effect as if incorporated into the Standing Orders. Delegated Powers are covered in a separate document entitled – 'Schedule of Matters reserved to the Board and Scheme of Delegation' and have effect as if incorporated into the Standing Orders and Standing Financial Instructions.

1.4 Integrated Governance

Trust Boards are encouraged to develop integrated governance arrangements that will lead to good governance and to ensure that decision-making is informed by intelligent information covering the full range of corporate, financial, clinical, information and research governance. Guidance from the Department of Health on the move toward and implementation of integrated governance has been issued and will be incorporated in the Trust’s risk management strategy (see Integrated Governance Handbook 2006). Integrated governance will better enable the Board to take a holistic view of the organisation and its capacity to meet its legal and statutory requirements and its clinical, quality and financial objectives.
2. THE TRUST BOARD: COMPOSITION OF MEMBERSHIP, TENURE AND ROLE OF MEMBERS

2.1 Composition of the Membership of the Trust Board

In accordance with the Membership, Procedure and Administration Arrangements regulations the composition of the Board shall be:

The hospitals referred to in part B section1.1.1 are hospitals which, in the opinion of the Secretary of State, have a significant teaching and research commitment and accordingly one of the non-executive directors shall be appointed from The University of Oxford.

(1) Before each meeting of the Board a written notice specifying the business proposed to be transacted shall be delivered to every member, or sent by post to the usual place of residence of each member, so as to be available to members at least three clear days before the meeting. The notice shall be signed by the Chairman or by an officer authorised by the Chairman to sign on their behalf. Want of service of such a notice on any member shall not affect the validity of a meeting.

(2) In the case of a meeting called by members in default of the Chairman calling the meeting, the notice shall be signed by those members.

Where a petition has been received by the Trust the Chairman shall include the petition as an item for the agenda of the next meeting.

3.5 Notice of Motion
Subject to the provision of Standing Orders 3.7 'Motions: Procedure at and during a meeting' and 3.8 'Motions to rescind a resolution', a member of the Board wishing to move a motion shall send a written notice to the Chief Executive who will ensure that it is brought to the immediate attention of the Chairman.

The notice shall be delivered at least 10 clear days before the meeting. The Chief Executive shall include in the agenda for the meeting all notices so received that are in order and permissible under governing regulations. This Standing Order shall not prevent any motion being withdrawn or moved without notice on any business mentioned on the agenda for the meeting.

### 3.6 Emergency Motions

Subject to the agreement of the Chairman, and subject also to the provision of Standing Order 3.7 'Motions: Procedure at and during a meeting', a member of the Board may give written notice of an emergency motion after the issue of the notice of meeting and agenda, up to one hour before the time fixed for the meeting. The notice shall state the grounds of urgency. If in order, it shall be declared to the Trust Board at the commencement of the business of the meeting as an additional item included in the agenda. - the accuracy of minutes;
- that the Board proceed to next business;
- that the Board adjourn;
- that the question be now put.

If there are a number of amendments, they shall be considered one at a time. When a motion has been amended, the amended motion shall become the substantive motion before the meeting, upon which any further amendment may be moved.

#### iv) Rights of reply to motions

a) Amendments
The mover of an amendment may reply to the debate on their amendment immediately prior to the mover of the original motion, who shall have the right of reply at the close of debate on the amendment, but may not otherwise speak on it.

In those cases where the motion is either that the meeting proceeds to the 'next business' or 'that the question be now put' in the interests of objectivity these should only be put forward by a member of the Board who has not taken part in the debate and who is eligible to vote.

If a motion to proceed to the next business or that the question be now put, is carried, the Chairman should give the mover of the substantive motion under debate a right of reply, if not already exercised. The matter should then be put to the vote.

If a quorum is then not available for the discussion and/or the passing of a resolution on any matter, that matter may not be discussed further or voted upon at that meeting. Such a position shall be recorded in the minutes of the meeting. The meeting must then proceed to the next business. The above requirement for at least one officer member to form part of the quorum shall not apply where the officer members are excluded from a meeting (for example when the Board considers the recommendations of the Remuneration and Appointments Committee).

3.12 Voting

(i) Save as provided in Standing Orders 3.13 - Suspension of Standing Orders and 3.14 - Variation and Amendment of Standing Orders, every question put to a vote at a meeting shall be determined by a majority of the votes of members present and voting on the question. 5.2 Emergency Powers and urgent decisions

7. DUTIES AND OBLIGATIONS OF BOARD MEMBERS/DIRECTORS AND SENIOR MANAGERS UNDER THESE STANDING ORDERS

7.1 Declaration of Interests

7.1.1 Requirements for Declaring Interests and applicability to Board Members

i) The NHS Code of Accountability requires Trust Board Members to declare interests which are relevant and material to the NHS Board of which they are a member. All existing Board members should declare such interests annually and as arising. Any Board members appointed subsequently should do so on appointment. At the start of each meeting of the Trust Board, all members shall declare against each item on the agenda, any interests which reasonably may be perceived as relevant and material.

7.1.2 Interests which are relevant and material

(i) Interests which should be regarded as "relevant and material" are:

a) Directorships, including Non-Executive Directorships held in private companies or PLCs (with the exception of those of dormant companies);

b) Ownership or part-ownership of private companies, businesses or consultancies likely or possibly seeking to do business with the NHS;

c) Majority or controlling share holdings in organisations likely or possibly seeking to do business with the NHS;

d) A position of Authority in a charity or voluntary organisation in the field of health and social care;

e) Any connection with a voluntary or other organisation contracting for NHS services;

f) Research funding/grants that may be received by an individual or their department;

7.1.3 Advice on Interests

If Board members have any doubt about the relevance of an interest, this should be discussed with the Chairman of the Trust or with the Board Secretary.

International Accounting Standard No 24 (issued by the International Accounting Standards Board (IASB)) sets out the rules on the disclosure of related parties and defines when such relationships exist. In considering the issue, influence rather than the immediacy of the relationship is more important in assessing the relevance of an interest. The interests of partners in professional partnerships including general practitioners should also be considered.
7.1.4 **Recording of Interests in Trust Board minutes**

At the time Board members' interests are declared (or as soon as practicable thereafter), they should be recorded in the Trust Board minutes.

Any changes in interests should be declared at the next Trust Board meeting (whether or not that meeting is public) following the change occurring and recorded in the minutes of that meeting.

7.1.5 **Publication of declared interests in Annual Report**

Board members' directorships of companies likely or possibly seeking to do business with the NHS should be published in the Trust's annual report. The information should be kept up to date for inclusion in succeeding annual reports.

7.1.6 **Conflicts of interest which arise during the course of a meeting**

During the course of a Trust Board meeting or of a Board Committee, if a conflict of interest is established, the Board member concerned shall state the interest, should withdraw from the meeting and play no part in the relevant discussion or decision. (See overlap with SO 7.3)

7.2 **Register of Interests**

7.2.1 The Chief Executive will ensure that a Register of Interests is established to record formally declarations of interests of Board or Committee members. In particular the Register will include details of all directorships and other relevant and material interests (as defined in SO 7.1.2) which have been declared by both executive and non-executive Trust Board members.

7.2.2. These details will be kept up to date by means of an annual review of the Register in which any changes to interests declared during the preceding twelve months will be incorporated.

7.2.3 The Register will be available to the public and the Chief Executive will take reasonable steps to bring the existence of the Register to the attention of local residents and to publicise arrangements for viewing it.

7.3 **Exclusion of Chairman and Members in proceedings on account of pecuniary interest**

7.3.1 **Definition of terms used in interpreting ‘Pecuniary’ interest**

For the sake of clarity, the following definition of terms is to be used in interpreting this Standing Order:

(i) "spouse" shall include any person who lives with another person in the same household (and any pecuniary interest of one spouse shall, if known to the other spouse, be deemed to be an interest of that other spouse);

(ii) "contract" shall include any proposed contract or other course of dealing.

(iii) “Pecuniary interest”

Subject to the exceptions set out in this Standing Order, a person shall be treated as having an indirect pecuniary interest in a contract if:-

b) he/she is a partner, associate or employee of any person with whom the contract is made or to be made or who has a direct pecuniary interest in the same.

iv) Exception to Pecuniary interests

A person shall not be regarded as having a pecuniary interest in any contract if:-

a) neither he/she or any person connected with him/her has any beneficial interest in the securities of a company of which he/she or such person appears as a member, or

b) any interest that he/she or any person connected with him/her may have in the contract is so remote or insignificant that it cannot reasonably be regarded as likely to influence him/her in relation to considering or voting on that contract, or

c) those securities of any company in which he/she (or any person connected with him/her) has a beneficial interest do not exceed £5,000 in nominal value or one per cent of the total issued share capital of the company or of the relevant class of such capital, whichever is the less.

Provided however, that where paragraph (c) above applies the person shall nevertheless be obliged to disclose/declare their interest in accordance with Standing Order 7.1.2 (ii).

7.3.2 Exclusion in proceedings of the Trust Board

(i) Subject to the following provisions of this Standing Order, if the Chairman or a member of the Trust Board has any pecuniary interest, direct or indirect, in any contract, proposed contract or other matter and is present at a meeting of the Trust Board at which the contract or other matter is the subject of consideration, they shall at the meeting and as soon as practicable after its commencement disclose the fact and shall not take part in the consideration or discussion of the contract or other matter or vote on any question with respect to it.

(ii) The Secretary of State may, subject to such conditions as he/she may think fit to impose, remove any disability imposed by this Standing Order in any case in which it appears to him/her in the interests of the National Health Service that the disability should be removed. (See SO 7.3.3 on the ‘Waiver’ which has been approved by the Secretary of State for Health).

(iii) The Trust Board may exclude the Chairman or a member of the Board from a meeting of the Board while any contract, proposed contract or other matter in which he/she has a pecuniary interest is under consideration.

(v) This Standing Order applies to a committee or sub-committee and to a joint committee or sub-committee as it applies to the Trust and applies to a
7.3.3 **Waiver of Standing Orders made by the Secretary of State for Health**

(1) **Power of the Secretary of State to make waivers**

Under regulation 11(2) of the NHS (Membership and Procedure Regulations SI 1999/2024 (“the Regulations”), there is a power for the Secretary of State to issue waivers if it appears to the Secretary of State in the interests of the health service that the disability in regulation 11 (which prevents a chairman or a member from taking part in the consideration or discussion of, or voting on any question with respect to, a matter in which he has a pecuniary interest) is removed. A waiver has been agreed in line with sub-sections (2) to (4) below.

(2) **Definition of ‘Chairman’ for the purpose of interpreting this waiver**

For the purposes of paragraph 7.3.3. (3) (below), the “relevant chairman” is –

(b) services in connection with a pilot scheme under the National Health Service Act 1997;

for the benefit of persons for whom the Trust is responsible.

(ii) Where the ‘pecuniary interest’ of the member in the matter which is the subject of consideration at a meeting at which he is present:-

(a) arises by reason only of the member's role as such a professional providing or performing, or assisting in the provision or performance of, those services to those persons;

(b) has been declared by the relevant chairman as an interest which cannot reasonably be regarded as an interest more substantial than that of the majority of other persons who:
(i) are members of the same profession as the member in question,

(ii) are providing or performing, or assisting in the provision or performance of, such of those services as he provides or performs, or assists in the provision or performance of, for the benefit of persons for whom the Trust is responsible.

(4) Conditions which apply to the waiver and the removal of having a pecuniary interest

The removal is subject to the following conditions:

(a) the member must disclose his/her interest as soon as practicable after the commencement of the meeting and this must be recorded in the minutes;

(b) the relevant chairman must consult the Chief Executive before making a declaration in relation to the member in question pursuant to paragraph 7.3.3 (2) (b) above, except where that member is the Chief Executive;

(c) in the case of a meeting of the Trust:

(i) the member may take part in the consideration or discussion of the matter which must be subjected to a vote and the outcome recorded;

  established
- Oxford Brookes University
- Oxfordshire Primary Care Trust and other commissioning Primary Care
  Trusts.

The collaborations with the above bodies cover such areas as teaching, education
and research; and participation in work that impacts on the whole of the healthcare
and social care community e.g. in discharge planning, in emergency planning, and in

SECTION D - STANDING FINANCIAL INSTRUCTIONS

10. INTRODUCTION

10.1 General

10.1.1 These Standing Financial Instructions (SFIs) are issued in accordance with the Trust (Functions) Directions 2000 issued by the Secretary of State which require that each Trust shall agree Standing Financial Instructions for the regulation of the conduct of its members and officers in relation to all financial matters with which they are concerned. They shall have effect as if incorporated in the Standing Orders (SOs).

10.1.2 These Standing Financial Instructions detail the financial responsibilities, policies and procedures adopted by the Trust. They are designed to ensure that the Trust's financial transactions are carried out in accordance with the law and with Government policy in order to achieve probity, accuracy, economy, efficiency and effectiveness. They should be used in conjunction with the Schedule of Decisions Reserved to the Board and the Scheme of Delegation adopted by the Trust.

10.1.3 These Standing Financial Instructions identify the financial responsibilities which apply to everyone working for the Trust and its constituent organisations including Trading Units. They do not provide detailed procedural advice and should be read in conjunction with the detailed departmental and financial procedure notes. All financial procedures must be approved by the Director of Finance and Procurement.

10.1.4 Should any difficulties arise regarding the interpretation or application of any of the Standing Financial Instructions then the advice of the Director of Finance and Procurement must be sought before acting. The user of these Standing Financial Instructions should also be familiar with and comply with the provisions of the Trust's Standing Orders.

10.1.5 The failure to comply with Standing Financial Instructions and Standing Orders can in certain circumstances be regarded as a disciplinary matter that could result in dismissal.

17.5 Formal Competitive Tendering (contract value of £50,000 excluding VAT or more)

17.5.1 General Applicability

Where the value of a contract over the life of the contract is £50,000 (excluding VAT) or more, the Trust shall ensure that, unless national contracts or Procure 21 or similar procedures are followed, competitive tenders are invited for:

- the supply of goods, materials and manufactured articles;
- the rendering of services including all forms of management consultancy services (other than specialised services sought from or provided by the Department of Health);
- For the design, construction and maintenance of building and engineering works (including construction and maintenance of grounds and gardens);
- The maintenance of equipment
- for disposals.
17.5.2 **Health Care Services**

Where the Trust elects to invite tenders for the supply of healthcare services these Standing Orders and Standing Financial Instructions shall apply as far as they are applicable to the tendering procedure and need to be read in conjunction with Standing Financial Instruction No. 18 and No. 19.

17.5.3 **Exceptions and instances where formal tendering need not be applied**

Formal tendering procedures **need not be applied** where:

(a) the estimated expenditure or income does not, or is not reasonably expected to, exceed **£50,000**; (exclusive of VAT) (this figure to be reviewed annually);

(b) where the supply is proposed under special arrangements negotiated by the DH in which event the said special arrangements must be complied with;

(c) regarding disposals as set out in Standing Financial Instructions No. 25;

Formal tendering procedures **may only be waived** in the following circumstances:

(d) in very exceptional circumstances where the Chief Executive decides that formal tendering procedures would not be practicable or the estimated expenditure or income would not warrant formal tendering procedures, and the circumstances are detailed in an appropriate Trust record;

(e) where the requirement is covered by an existing contract;

(f) where “OGC-Buying Solutions” NHS Supply Chain or any other public sector led (e.g. NHS collaborative procurement hub) agreements are in place which are legally constructed to permit our participation;

(g) where a consortium or a national arrangement is in place and a lead organization has been appointed to carry out tendering activity on behalf of the consortium members where the Director of Finance & Procurement is satisfied that the consortium procurement arrangements conform to current statute and deliver value for money;

(h) where the timescale genuinely precludes competitive tendering but failure to plan the work properly would not be regarded as a justification for a single tender;

(i) where there is only one supplier of the goods or services or where specialist expertise is required and is available from only one source;

(j) when the task is essential to complete the project, and arises as a consequence of a recently completed assignment and engaging different consultants for the new task would be inappropriate;

(k) there is a clear benefit to be gained from maintaining continuity with an earlier project. However in such cases the benefits of such continuity must outweigh any potential financial advantage to be gained by competitive tendering;
for the provision of legal advice and services providing that any legal firm or partnership commissioned by the Trust is regulated by the Law Society for England and Wales for the conduct of their business (or by the Bar Council for England and Wales in relation to the obtaining of Counsel's opinion) and are generally recognised as having sufficient expertise in the area of work for which they are commissioned.

The Director of Finance and Procurement will ensure that any fees paid are reasonable and within commonly accepted rates for the costing of such work.

where allowed and provided for in the Guidance issued by the Department of Health.

Where goods are genuinely only available from only one supplier (this must be substantiated by documentary evidence)

The waiving of competitive tendering procedures should not be used to avoid competition or for administrative convenience or to award further work to a consultant originally appointed through a competitive procedure.

However, non-competitive tenders will still be sought in cases where anticipated expenditure or income exceeds £50,000 but competitive tendering is waived under (d) to (n) above. Where special arrangements referred to in (b) above or national arrangements referred to in (g) above (e.g. OGC, NHS Supply Chain and ProCure21) apply, then non-competitive tendering procedures will not be required. Similarly, where the Guidance issued by the Department of Health so provides, non-competitive as well as competitive tendering may be waived.

Where it is decided that competitive tendering is not applicable and should be waived, the fact of the waiver and the reasons should be documented and recorded in an appropriate Trust record and reported to the Audit and Finance Committee at each meeting.

17.5.4 Fair and Adequate Competition

Where the exceptions set out in SFI Nos. 17.1 and 17.5.3 apply, the Trust shall ensure that invitations to tender are sent to a sufficient number of firms/individuals to provide fair and adequate competition as appropriate, and in no case less than two firms/individuals, having regard to their capacity to supply the goods or materials or to undertake the services or works required.

17.5.5 List of Approved Firms

The Trust shall ensure that the firms/individuals invited to tender (and where appropriate, quote) are among those on approved lists, where approved lists are held either by the Trust or third parties. Seeking of tenders from suppliers not on the approved lists [where such lists exist] shall be treated as a waiver of these SFIs. Such instances must be approved in writing by the Director of Finance & Procurement, recorded in the Tender Waivers Register and reported to the Audit Committee). Where Framework Agreements have been tendered, the rotation of firms may depend upon particular expertise otherwise on a fair basis. Under EU procurement regulations the restriction of competition to approved lists of companies is not permitted and therefore such lists should not be held for goods/services where the threshold captures a significant proportion of tendered business.

17.5.6 Building and Engineering Construction Works
Competitive Tendering cannot be waived for building and engineering construction works and maintenance (other than in accordance with Concode) without Departmental of Health approval.

17.5.7 Items which subsequently breach thresholds after original approval

Items estimated to be below the limits set in this Standing Financial Instruction for which formal tendering procedures are not used which subsequently prove to have a value above such limits shall be reported to the Chief Executive, and be recorded in an appropriate Trust record.

17.6 Contracting/Tendering Procedure

17.6.1 Invitation to tender

These documents shall be modified and/or amplified to accord with Department of Health guidance and, in minor respects, to cover special features of individual projects.

17.6.2 Receipt and safe custody of tenders

The Chief Executive or his/her nominated representative will be responsible for the receipt, endorsement and safe custody of tenders received until the time appointed for their opening.

The date and time of receipt of each tender shall be endorsed on the tender envelope/package.

17.6.3 Opening tenders and Register of tenders
(i) As soon as practicable after the date and time stated as being the latest time for the receipt of tenders, they shall be opened by two senior officers/managers designated by the Chief Executive and not from the originating department.

(ii) A member of the Trust Board will be required to be one of the two approved persons present for the opening of tenders estimated above £1,000,000. The rules relating to the opening of tenders will need to be read in conjunction with any delegated authority set out in the Trust's Scheme of Delegation.

(iii) The 'originating' Department will be taken to mean the Department sponsoring or commissioning the tender.

(iv) The involvement of Finance Directorate staff in the preparation of a tender proposal will not preclude the Director of Finance and Procurement or any approved Senior Manager from the Finance Directorate from serving as one of the two senior managers to open tenders.

(v) All Executive Directors/members will be authorised to open tenders regardless of whether they are from the originating department provided that the other authorised person opening the tenders with them is not from the originating department.

The Trust's Company Secretary, should the Trust have one, will count as a Director for the purposes of opening tenders.

(vi) Every tender received shall be marked with the date of opening and initiated by those present at the opening.

(vii) A register shall be maintained by the Chief Executive, or a person authorised by him/her, to show for each set of competitive tender invitations despatched:

- the name of all firms individuals invited;
- the names of firms individuals from which tenders have been received;
- the date the tenders were opened;
- the persons present at the opening;
- the price shown on each tender;
- a note where price alterations have been made on the tender.

Each entry to this register shall be signed by those present.

A note shall be made in the register if any one tender price has had so many alterations that it cannot be readily read or understood.

(viii) Incomplete tenders, i.e. those from which information necessary for the adjudication of the tender is missing, and amended tenders i.e., those amended by the tenderer upon his own initiative either orally or in writing after the due time for receipt, but prior to the opening of other tenders, should be dealt with in the same way as late tenders. (Standing Order No. 17.6.5 below).

17.6.4 E-Tendering

In the case of goods and services procured via E-tendering, the above procedure will be modified to reflect that:

- Tenders are received electronically by the E-tendering system
- Tenders will be opened at the official opening time / date by procurement staff and the system will maintain a log of access.
- The system will log any documents added during the procurement period and all communication between the parties using the system
• Any amendments to documents post opening will be logged manually along with the identity of the person making the change and the reason for the change.
• The system’s audit log and the manual log will be periodically reviewed by a senior officer and will be available for inspection by Internal Audit as and when required.

17.6.5 Admissibility

i) If for any reason the designated officers are of the opinion that the tenders received are not strictly competitive (for example, because their numbers are insufficient or any are amended, incomplete or qualified) no contract shall be awarded without the approval of the Chief Executive.

(ii) Where only one tender is sought and/or received, the Chief Executive and Director of Finance and Procurement shall, as far practicable, ensure that the price to be paid is fair and reasonable and will ensure value for money for the Trust.

17.6.6 Late tenders

(i) Tenders received after the due time and date, but prior to the opening of the other tenders, may be considered only if the Chief Executive or his/her nominated officer decides that there are exceptional circumstances i.e. despatched in good time but delayed through no fault of the tenderer.

(ii) Only in the most exceptional circumstances will a tender be considered which is received after the opening of the other tenders and only then if the tenders that have been duly opened have not left the custody of the Chief Executive or his/her nominated officer or if the process of evaluation and adjudication has not started.

(iii) While decisions as to the admissibility of late, incomplete or amended tenders are under consideration, the tender documents shall be kept strictly confidential, recorded, and held in safe custody by the Chief Executive or his/her nominated officer.

17.6.7 Acceptance of formal tenders (See overlap with SFI No. 17.7)

(i) Any discussions with a tenderer which are deemed necessary to clarify technical aspects of his/her tender before the award of a contract will not disqualify the tender.

(ii) The lowest tender, if payment is to be made by the Trust, or the highest, if payment is to be received by the Trust, shall be accepted unless there are good and sufficient reasons to the contrary. Such reasons shall be set out in either the contract file, or other appropriate record.

It is accepted that for professional services such as management consultancy, the lowest price does not always represent the best value for money. Other factors affecting the success of a project include:

(a) experience and qualifications of team members;

(b) understanding of client’s needs;

(c) feasibility and credibility of proposed approach;
(d) ability to complete the project on time.

Where other factors are taken into account in selecting a tenderer, these must be clearly recorded and documented in the contract file, and the reason(s) for not accepting the lowest tender clearly stated.

(iii) No tender shall be accepted which will commit expenditure in excess of that which has been allocated by the Trust and which is not in accordance with these Instructions except with the authorisation of the Chief Executive.

(iv) The use of these procedures must demonstrate that the award of the contract was:

(a) not in excess of the going market rate / price current at the time the contract was awarded;

(b) that best value for money was achieved.

(v) Subject to the Freedom of Information Act, all tenders should be treated as confidential and should be retained for inspection.

17.6.8 Tender reports to the Trust Board

Reports to the Trust Board will be made on an exceptional circumstance basis only.

17.6.9 List of approved firms (see SFI No. 17.5.5)

(a) Responsibility for maintaining list

A manager nominated by the Chief Executive shall on behalf of the Trust maintain lists of approved firms from who tenders and quotations may be invited. These shall be kept under frequent review. The lists shall include all firms who have applied for permission to tender and as to whose technical and financial competence the Trust is satisfied. All suppliers must be made aware of the Trust’s terms and conditions of contract. Under EU procurement rules it is not permitted to restrict competition to an approved list where the expenditure exceeds the relevant threshold.

(b) Building and Engineering Construction Works

(i) Invitations to tender shall be made only to firms included on the approved list of tenderers compiled in accordance with this Instruction or on the separate maintenance lists compiled in accordance with Estmancode guidance (Health Notice HN(78)147).

(ii) Firms included on the approved list of tenderers shall ensure that when engaging, training, promoting or dismissing employees or in any conditions of employment, shall not discriminate against any person because of colour, race, ethnic or national origins, religion or sex, and will comply with the provisions of the Equal Pay Act 1970, the Sex Discrimination Act 1975, the Race Relations Act 1976, and the Disabled Persons (Employment) Act 1944 and any amending and/or related legislation.

(iii) Firms shall conform at least with the requirements of the Health and Safety at Work Act and any amending and/or other related legislation concerned with the health, safety and welfare of workers and other persons, and to any relevant British Standard Code of Practice issued by the British Standard Institution. Firms must provide to the appropriate manager a copy of its
safety policy and evidence of the safety of plant and equipment, when requested.

(c) **Financial Standing and Technical Competence of Contractors**

The Director of Finance and Procurement may make or institute any enquiries he/she deems appropriate concerning the financial standing and financial suitability of approved contractors. The Director with lead responsibility for clinical governance will similarly make such enquiries as is felt appropriate to be satisfied as to their technical / medical competence.

17.6.10 **Exceptions to using approved contractors**

If in the opinion of the Chief Executive and the Director of Finance and Procurement or the Director with lead responsibility for clinical governance it is impractical to use a potential contractor from the list of approved firms/individuals (for example where specialist services or skills are required and there are insufficient suitable potential contractors on the list), or where a list for whatever reason has not been prepared, the Chief Executive should ensure that appropriate checks are carried out as to the technical and financial capability of those firms that are invited to tender or quote.

An appropriate record in the contract file should be made of the reasons for inviting a tender or quote other than from an approved list.

17.7 **Quotations: Competitive and non-competitive**

17.7.1 **General Position on quotations**

Quotations are required where formal tendering procedures are not adopted and where the intended expenditure or income exceeds, or is reasonably expected to exceed £5000 but not exceed £50,000. For intended expenditure between £2000 but not exceeding £5000, a single written quote is sufficient and for intended expenditure below £2000, a verbal quote will suffice.

Where the potential supplier has the ability to use an e-quote system, this should be used in preference to a manual system.

17.7.2 **Competitive Quotations**

(i) Quotations should be obtained from at least 3 firms/individuals based on specifications or terms of reference prepared by, or on behalf of, the Trust.

(ii) Quotations should be in writing unless the Chief Executive or his/her nominated officer determines that it is impractical to do so in which case quotations may be obtained by telephone. Confirmation of telephone quotations should be obtained as soon as possible and the reasons why the telephone quotation was obtained should be set out in a permanent record.

(iii) **Subject to the Freedom of Information Act**, all quotations should be treated as confidential and should be retained for inspection.

(iv) The Chief Executive or his/her nominated officer should evaluate the quotation and select the quote which gives the best value for money. If this is not the lowest quotation if payment is to be made by the Trust, or the highest if payment is to be received by the Trust, then the choice made and the reasons why should be recorded in a permanent record.

17.7.3 **Non-Competitive Quotations (contract value under £5,000 excluding VAT)**
Non-competitive quotations in writing may be obtained in the following circumstances:

(i) the supply of proprietary or other goods of a special character and the rendering of services of a special character, for which it is not, in the opinion of the responsible officer, possible or desirable to obtain competitive quotations;

(ii) the supply of goods or manufactured articles of any kind which are required urgently and are not obtainable under existing contracts;

(iii) miscellaneous services, supplies and disposals;

(iv) where the goods or services are for building and engineering maintenance the responsible works manager must certify that the first two conditions of this SFI (i.e.: (i) and (ii) of this SFI) apply.

17.7.4 Quotations to be within Financial Limits

No quotation shall be accepted which will commit expenditure in excess of that which has been allocated by the Trust and which is not in accordance with Standing Financial Instructions except with the authorisation of either the Chief Executive or Director of Finance and Procurement.

17.8 Authorisation of Tenders and Competitive Quotations

Providing all the conditions and circumstances set out in these Standing Financial Instructions have been fully complied with, formal authorisation and awarding of a contract may be ratified by the following staff to the value of the contract as follows:

Head of Procurement up to £101,323 (current OJEU Threshold)
Director of Finance & Procurement / Chief Executive up to £999,999
Trust Board over £1 Million

These levels of authorisation may be varied or changed and need to be read in conjunction with the Trust Board’s Scheme of Delegation.

Formal authorisation must be put in writing. In the case of authorisation by the Trust Board this shall be recorded in their minutes.

17.9 Instances where formal competitive tendering or competitive quotation is not required

Where competitive tendering or a competitive quotation is not required the Trust should adopt one of the following alternatives:

(a) the Trust shall use the NHS Supply Chain for procurement of all goods and services unless the Chief Executive or nominated officers deem it inappropriate. The decision to use alternative sources must be documented.

(b) If the Trust does not use the NHS Supply Chain - where tenders or quotations are not required, because expenditure is below £5000, the Trust shall procure goods and services in accordance with procurement procedures approved by the Director of Finance and Procurement.

17.10 Private Finance for capital procurement (see overlap with SFI No. 24)
The Trust should normally market-test for PFI (Private Finance Initiative funding) when considering a capital procurement. When the Board proposes, or is required, to use finance provided by the private sector the following should apply:

(a) The Chief Executive shall demonstrate that the use of private finance represents value for money and genuinely transfers risk to the private sector.

(b) Where the sum exceeds delegated limits, a business case must be referred to the appropriate Department of Health for approval or treated as per current guidelines.

(c) The proposal must be specifically agreed by the Board of the Trust, in the light of such professional advice as should reasonably be sought in particular with regard to vires.

(d) The selection of a contractor/finance company must be on the basis of competitive tendering or quotations.

17.11 Compliance requirements for all contracts

The Board may only enter into contracts on behalf of the Trust within the statutory powers delegated to it by the Secretary of State and shall comply with:

(a) The Trust’s Standing Orders and Standing Financial Instructions;

(b) EU Directives and other statutory provisions;

(c) any relevant directions including the Capital Investment Manual, Estatecode and guidance on the Procurement and Management of Consultants;

(d) such of the NHS Standard Contract Conditions as are applicable.

(e) contracts with Foundation Trusts must be in a form compliant with appropriate NHS guidance.

(f) Where appropriate contracts shall be in or embody the same terms and conditions of contract as was the basis on which tenders or quotations were invited.

(g) In all contracts made by the Trust, the Board shall endeavour to obtain best value for money by use of all systems in place. The Chief Executive shall nominate an officer who shall oversee and manage each contract on behalf of the Trust.

17.12 Personnel and Agency or Temporary Staff Contracts

The Chief Executive shall nominate officers with delegated authority to enter into contracts of employment, regarding staff, agency staff or temporary staff service contracts.

17.13 Healthcare Services Agreements (see overlap with SFI No. 18)

Service agreements with NHS providers for the supply of healthcare services shall be drawn up in accordance with the NHS and Community Care Act 1990 and administered by the Trust. Service agreements are not contracts in law and therefore not enforceable by the courts. However, a contract with a Foundation Trust, being a PBC, is a legal document and is enforceable in law.
The Chief Executive shall nominate officers to commission service agreements with providers of healthcare in line with a commissioning plan approved by the Board.

17.14 Disposals (See overlap with SFI No. 26)

Competitive Tendering or Quotation procedures shall not apply to the disposal of:

(a) any matter in respect of which a fair price can be obtained only by negotiation or sale by auction as determined (or pre-determined in a reserve) by the Chief Executive or his/her nominated officer;

(b) obsolete or condemned articles and stores, which may be disposed of in accordance with the supplies policy of the Trust;

(c) items to be disposed of with an estimated sale value of less than £5000, this figure to be reviewed on a periodic basis;

(d) items arising from works of construction, demolition or site clearance, which should be dealt with in accordance with the relevant contract;

(e) land or buildings concerning which DH guidance has been issued but subject to compliance with such guidance.

All disposals of items on the asset register which originally cost not less than £5000 must be notified to the Finance Department.

17.15 In-house Services

17.15.1 The Chief Executive shall be responsible for ensuring that best value for money can be demonstrated for all services provided on an in-house basis. The Trust may also determine from time to time that in-house services should be market tested by competitive tendering.

17.15.2 In all cases where the Board determines that in-house services should be subject to competitive tendering the following groups shall be set up:

(a) Specification group, comprising the Chief Executive or nominated officer/s and specialist(s).

(b) In-house tender group, comprising representatives of the in-house team, a nominee of the Chief Executive and technical support.

(c) Evaluation team, comprising normally a specialist officer, a supplies officer and a Director of Finance and Procurement representative. For services having a likely annual expenditure exceeding £1 Million, a non-executive director should be a member of the evaluation team.

17.15.3 All groups should work independently of each other and individual officers may be a member of more than one group but no member of the in-house tender group may participate in the evaluation of tenders.

17.15.4 The evaluation team shall make recommendations to the Board.

17.15.5 The Chief Executive shall nominate an officer to oversee and manage the contract on behalf of the Trust.

17.16 Applicability of SFIs on Tendering and Contracting to funds held in trust (see overlap with SFI No. 29)
These Instructions shall not only apply to expenditure from Exchequer funds but also to works, services and goods purchased from the Special Trustees trust funds and private resources.

17.17 Cancellation of Contracts

Except where specific provision is made in model Forms of Contracts or standard Schedules of Conditions approved for use within the National Health Service, there shall be inserted in every written contract a clause empowering the Trust to cancel the contract and to recover from the contractor the amount of any loss resulting from such cancellation, if the contractor shall have offered, given or agreed to give to any person any gift or consideration of any kind as an inducement or reward for doing or forbearing to do or for having done orborne to do any action in relation to the obtaining or execution of the contract or any other contract with the Trust, or for showing or forbearing to show favour or disfavour to any person in relation to the contracts or any other contract with the Trust, or if the like acts shall have been done by any person employed by him or acting on his behalf (whether with or without the knowledge of the contractor), or if in relation to any contract with the Trust the contractor or any person employed by him or acting on his behalf shall have committed any offence under the Bribery Act 2010 or other appropriate legislation.

17.18 Determination of Contracts for Failure to Deliver Goods or Materials

There shall be inserted in every written contract for the supply of goods or materials a clause to secure that, should the contractor fail to deliver the goods or materials or any portion thereof within the time or times specified in the contract, the Trust may without prejudice determine the contract either wholly or to the extent of such default and purchase other goods or material of similar description to make good (a) such default or (b) (in the event of the contract being wholly determined) the goods or materials remaining to be delivered. The clause shall further secure that the amount by which the cost of so purchasing other goods or materials exceeds the amount which would have been payable to the contractor in respect of the goods or materials shall be recoverable from the contractor.

All contracts for building and engineering works shall include provision for Liquidated damages having regards to the CONCODE provisions. Where a sum above the minimum is required, this shall be determined by the Project Officer in accordance with an estimate of the damages the Trust is likely to incur through late completion of the works by the contractor provided that the amount so derived does not in the opinion of the Project Director or their nominee amount to a penalty.

The Project Director shall determine when liquidated damages shall be enforce after consultation with the Design Team and, if the Project Director considers it necessary with lawyers.

17.19 Use of Electronic Auctions

17.19.1 The Trust at its discretion may, if the category of procured goods or service is suitable, use an electronic auction to obtain tender submissions. The Buying Solutions (formerly PASA) definition of suitability identifies procurements that are sufficient value to attract competition, with a requirement that can be accurately specified and for which there is a competitive market. It is important when deciding on a category that a firm specification is available. There must be no ambiguity as to the Trust’s requirements prior to the eAuction. It must be possible to compare the products on a like for like basis.

17.19.2 Under Article 54 (Use of eAuctions) of the Public Sector Directive 2004/18/EC (which is adopted in the UK by the Public Contracts Regulations 2006), in open,
restricted or negotiated procedures in the case referred to in Article 30 (1) (a) the Trust may decide that the award of a public contract shall be preceded by an electronic auction when the contract specifications can be established with precision.

17.19.3 The electronic auction shall be based:

- either solely on prices when the contract is awarded to the lowest price; or
- on prices and/or on the new values of the features indicated in the specification when the contract is awarded to the most economically advantageous tender.

17.19.4 Should it decide to hold an electronic auction, the Trust shall state that fact in the contract notice.

17.19.5 The specifications shall include, inter alia, the following details:

(a) the features of the products whose costs shall be the subject of electronic auction, provided that such features are quantifiable and can be expressed in figures or percentages;

(b) any limits on the values which may be submitted, as they result from the specifications relating to the subject of the contract;

(c) the information which will be made available to tenderers in the course of the electronic auction and, where appropriate, when it will be made available to them;

(d) the relevant information concerning the electronic auction process;

(e) the conditions under which the tenderers will be able to bid and, in particular, the minimum differences which will, where appropriate, be required when bidding;

(f) the relevant information concerning the electronic equipment used and the arrangements and technical specifications for connection.

17.19.6 Before proceeding with the electronic auction, the Trust shall make a full initial evaluation of the specification in accordance with the award criteria set and the weighting fixed for them. Clarification will also be sought via the paper-based tender route that the tenderers accept the proposed terms and conditions and that the non-collusion document has been completed.

17.19.7 All tenderers who have been selected shall be invited simultaneously by electronic means to submit prices and/or values. The invitation shall contain all relevant information concerning individual connection to the electronic equipment being used and shall state the date and time of the start of the electronic auction. The electronic auction may take place in a number of successive phases. The electronic auction may not start sooner than two working days after the date on which invitations are sent out.

17.19.8 Throughout each phase of an electronic auction the Trust shall instantaneously communicate to all tenderers at least sufficient information to enable them to ascertain their relative rankings at any moment. The Trust may also communicate points of clarification via the electronic auction process provided that the specification is not changed in any way and that the information is sent to all participants. The Trust may also at any time announce the number of participants in that phase of the auction. In no case, however, may the Trust disclose the identities of the tenderers during any phase of an electronic auction, nor the values of their bids.
17.19.9 The Trust shall close an electronic auction at either of the following times:

(a) in the invitation to take part in the auction, the date and time shall be indicated, fixed in advance;
(b) closure will be when no more new prices are received, or new values which meet the requirements concerning minimum differences (in this case the Trust shall state in the invitation to take part in the auction the time which will be allowed to elapse after receipt of the last submission before the electronic auction is closed).

17.19.10 When the Trust has closed an electronic auction and satisfied itself as to specification compliance and value for money, the Trust shall award the contract in accordance with the Trust’s Standing Orders and Standing Financial Instructions.

17.19.11 The Trust may not have improper recourse to electronic auctions nor may they be used in such a way as to prevent, restrict or distort competition or to change the subject of the contract as put up for tender in the published contract notice and defined in the specification.

17.19.12 Following tender approval / contract award the electronic tender documents shall be stored by the electronic auction service provider for the appropriate time period in accordance with Department of Health guidance concerning the preservation, retention and destruction of records.

17.19.13 The selection of the eAuction service provider shall meet the following standards:

- Means of communication must not restrict access to a tendering procedure for potential participants. They must be non discriminatory, generally available and capable of operation with IT products in general use.
- The communication and storage of tenders must protect the integrity of the content.

17.19.14 The Trust must satisfy itself annually that the appointed service provider has the necessary protocols in place to meet the above requirements along with satisfactory archive and retrieval processes. The process shall be fully documented by the service provider with agreed service levels. Furthermore, the Trust shall obtain a formal and independent affirmation of the controls operated by any service provider which supports electronic auctions and receive periodic updates of this assurance.

17.20 ICT procurement

There is a need for a consistent approach to ICT procurement, security, development and practice in the Trust, to ensure value for money and that opportunity and risks associated with the above are properly managed. The Trust will have a number of standard policies and procedures.

Compliance with these policies and procedures is compulsory. Systems (hardware/software) purchased or in use without due authority from the Director of Planning & Information will not be supported and may result in disciplinary action being taken.
18. **NHS SERVICE AGREEMENTS FOR PROVISION OF SERVICES**  
(see overlap with SFI No. 17.13)

18.1 **Service Level Agreements (SLAs)**

The Chief Executive, as the Accountable Officer, is responsible for ensuring the Trust enters into suitable Service Level Agreements (SLA) with service commissioners for the provision of NHS services.

All SLAs should aim to implement the agreed priorities contained within the Business Plan and wherever possible, be based upon integrated care pathways to reflect expected patient experience. In discharging this responsibility, the Chief Executive should take into account:

- the standards of service quality expected;
- the relevant national service framework (if any);
- the provision of reliable information on cost and volume of services;
- the NHS National Performance Assessment Framework;
- that SLAs build where appropriate on existing Joint Investment Plans;
- that SLAs are based on integrated care pathways.

18.1.2 The Chief Executive shall be responsible for signing NHS Service Agreements over a value of £150 million in respect of any one agreement. For NHS Service Agreements below the value of £150 million the Director of Finance and Procurement or the Chief Executive shall be responsible for signing. The Director of Finance and Procurement shall report on the progress and outcome of agreement negotiations to the Board.

18.2 **Involving Partners and jointly managing risk**

A good SLA will result from a dialogue of clinicians, users, carers, public health professionals and managers. It will reflect knowledge of local needs and inequalities. This will require the Chief Executive to ensure that the Trust works with all partner agencies involved in both the delivery and the commissioning of the service required. The SLA will apportion responsibility for handling a particular risk to the party or parties in the best position to influence the event and financial arrangements should reflect this. In this way the Trust can jointly manage risk with all interested parties.

18.3 **Reports to Board on SLAs**

The Chief Executive, as the Accountable Officer, will need to ensure that regular reports are provided to the Board detailing actual and forecast income from the SLA. This will include information on costing arrangements, which increasingly should be based upon Healthcare Resource Groups (HRGs). Where HRGs are unavailable for specific services, all parties should agree a common currency for application across the range of SLAs.

[Return to Contents]
19. COMMISSIONING

(This section is not normally applicable to NHS Trusts since they are providers rather than commissioners of health services. However, in limited cases Trusts may be responsible for operational commissioning of services. In these circumstances Trusts should refer to the model SFIs on Commissioning for PCTs and adopt/amend the relevant paragraphs as appropriate).

20. TERMS OF SERVICE, ALLOWANCES AND PAYMENT OF MEMBERS OF THE TRUST BOARD AND EXECUTIVE COMMITTEE AND EMPLOYEES

20.1 Remuneration and Terms of Service (see overlap with SO No. 4)

20.1.1 In accordance with Standing Orders the Board shall establish a Remuneration and Appointments Committee, with clearly defined terms of reference, specifying which posts fall within its area of responsibility, its composition, and the arrangements for reporting.

20.1.2 The Committee will:

(a) advise the Board about appropriate remuneration and terms of service for the Chief Executive, other executive directors employed by the Trust and other senior employees including:

(i) all aspects of salary (including any performance-related elements/bonuses);

(ii) provisions for other benefits, including pensions and cars;

(iii) arrangements for termination of employment and other contractual terms;

(b) make such recommendations to the Board on the remuneration and terms of service of executive directors of the Board (and other senior employees) to ensure they are fairly rewarded for their individual contribution to the Trust - having proper regard to the Trust's circumstances and performance and to the provisions of any national arrangements for such members and staff where appropriate;

(c) monitor and evaluate the performance of individual executive directors (and other senior employees);

(d) advise on and oversee appropriate contractual arrangements for such staff including the proper calculation and scrutiny of termination payments taking account of such national guidance as is appropriate.

20.1.3 The Committee shall report in writing to the Board the basis for its recommendations. The Board shall use the report as the basis for their decisions, but remain accountable for taking decisions on the remuneration and terms of service of executive directors. Minutes of the Board's meetings should record such decisions.

20.1.4 The Board will consider and need to approve proposals presented by the Chief Executive for the setting of remuneration and conditions of service for those employees and officers not covered by the Committee.

20.1.5 The Trust will pay allowances to the Chairman and non-officer members of the Board in accordance with instructions issued by the Secretary of State for Health.

20.2 Funded Establishment

20.2.1 The manpower plans incorporated within the annual budget will form the funded establishment.
20.2.2 The funded establishment of any department may not be varied without confirmation of affordability by the Finance Manager and the prior approval of the approval of the Chief Executive.

20.3 Staff Appointments

20.3.1 No director of the Trust Board or employee may engage, re-engage, or re-grade employees, either on a permanent or temporary nature, or hire agency staff, or agree to changes in any aspect of remuneration:

(a) unless authorised to do so by the Chief Executive;

(b) within the limit of their approved budget and funded establishment.

20.3.2 The Board will approve procedures presented by the Chief Executive for the determination of commencing pay rates, condition of service, etc, for employees.

20.4 Processing Payroll

20.4.1 The Director of Finance and Procurement is responsible, through the payroll contractor, for:

(a) specifying timetables for submission of properly authorised time records and other notifications;

(b) the final determination of pay and allowances;

(c) making payment on agreed dates;

(d) agreeing method of payment.

20.4.2 The Director of Finance and Procurement will ensure that appropriate instructions have been issued regarding:

(a) verification and documentation of data;

(b) the timetable for receipt and preparation of payroll data and the payment of employees and allowances;

(c) maintenance of subsidiary records for superannuation, income tax, social security and other authorised deductions from pay;

(d) security and confidentiality of payroll information;

(e) checks to be applied to completed payroll before and after payment;

(f) authority to release payroll data under the provisions of the Data Protection Act;

(g) methods of payment available to various categories of employee and directors;

(h) procedures for payment by cheque, bank credit, or cash to employees and directors;

(i) procedures for the recall of cheques and bank credits;

(j) pay advances and their recovery;
(k) maintenance of regular and independent reconciliation of pay control accounts;

(l) separation of duties of preparing records and handling cash;

(m) a system to ensure the recovery from those leaving the employment of the Trust of sums of money and property due by them to the Trust.

20.4.3 Appropriately nominated managers have delegated responsibility for:

(a) processing a signed copy of the contract/appointment form and such other documentation as may be required immediately upon an employee commencing duty;

(b) submitting time records, and other notifications in accordance with agreed timetables;

(c) completing time records and other notifications in accordance with the Director of Finance and Procurement's instructions and in the form prescribed by the Director of Finance and Procurement;

(d) submitting termination forms in the prescribed form immediately upon knowing the effective date of an employee's or officer's resignation, termination or retirement. Where an employee fails to report for duty or to fulfil obligations in circumstances that suggest they have left without notice, the Director of Finance and Procurement must be informed immediately.

20.4.4 Regardless of the arrangements for providing the payroll service, the Director of Finance and Procurement shall ensure that the chosen method is supported by appropriate (contracted) terms and conditions, adequate internal controls and audit review procedures and that suitable arrangements are made for the collection of payroll deductions and payment of these to appropriate bodies.

20.5 Contracts of Employment

20.5.1 The Board shall delegate responsibility to the Director of Workforce for:

(a) ensuring that all employees are issued with a Contract of Employment in a form approved by the Board and which complies with employment legislation;

(b) dealing with variations to, or termination of, contracts of employment.
21. NON-PAY EXPENDITURE

21.1 Delegation of Authority

21.1.1 The Board will approve the level of non-pay expenditure on an annual basis and the Chief Executive will determine the level of delegation to budget managers.

21.1.2 The Chief Executive will set out:

(a) the list of managers who are authorised to place requisitions for the supply of goods and services;

(b) the maximum level of each requisition and the system for authorisation above that level.

21.1.3 The Chief Executive shall set out procedures on the seeking of professional advice regarding the supply of goods and services.

21.2 Choice, Requisitioning, Ordering, Receipt and Payment for Goods and Services (see overlap with Standing Financial Instruction No. 17)

21.2.1 Requisitioning

The requisitioner, in choosing the item to be supplied (or the service to be performed) shall always obtain the best value for money for the Trust. In so doing, the advice of the Trust's Procurement department shall be sought. 28.2 The Chief Executive is responsible for ensuring that patients or their guardians, as appropriate, are informed before or at admission by:

- notices and information booklets; *(notices are subject to sensitivity guidance)*
- hospital admission documentation and property records;

29.2 Accountability to Charity Commission and Secretary of State for Health

(1) The Special Trustee's responsibilities must be discharged separately and they are accountable to the Charity Commission for charitable funds held on trust and to the Secretary of State for all funds held on trust.

(2) The Schedule of Matters Reserved to the Board and the Scheme of Delegation make clear where decisions regarding the exercise of discretion regarding the disposal and use of the funds are to be taken and by whom. All Trust Board members and Trust officers must take account of that guidance before taking action.

29.3 Applicability of Standing Financial Instructions to funds held on Trust

(1) In so far as it is possible to do so, most of the sections of these Standing Financial Instructions will apply to the management of funds held on trust. (See overlap with SFI No 17.16).

(2) The over-riding principle is that the integrity of each Trust must be maintained and statutory and Trust obligations met. Materiality must be assessed separately from Exchequer activities and funds.
30. **ACCEPTANCE OF GIFTS BY STAFF AND LINK TO STANDARDS OF BUSINESS CONDUCT (see overlap with SO No. 6 and SFI No. 21.2.6 (d))**

The Director of Finance and Procurement shall ensure that all staff are made aware of the Trust policy on acceptance of gifts and other benefits in kind by staff. This policy follows the guidance contained in the Department of Health circular HSG (93) 5 ‘Standards of Business Conduct for NHS Staff’ and is also deemed to be an integral part of these Standing Orders and Standing Financial Instructions (see overlap with SO No. 6).
31. Research & Development

33. RISK MANAGEMENT AND INSURANCE

33.1 Programme of Quality and Risk Management

The Chief Executive shall ensure that the Trust has a programme of quality and risk management, in accordance with current Department of Health assurance framework requirements, which must be approved and monitored by the Board or Board sub committee with delegated authority.

The programme of risk management shall include:

a) a process for identifying and quantifying risks and potential liabilities;

b) engendering among all levels of staff a positive attitude towards the control of risk;

c) management processes to ensure all significant risks and potential liabilities are addressed including effective systems of internal control, cost effective insurance cover, and decisions on the acceptable level of retained risk;

d) contingency plans to offset the impact of adverse events;

e) audit arrangements including; Internal Audit, clinical audit, health and safety review;

f) a clear indication of which risks shall be insured;

g) arrangements to review the Risk Management programme.

The existence, integration and evaluation of the above elements will assist in providing a basis to make a Statement on the effectiveness of Internal Control (SIC) within the Annual Report and Accounts as required by current Department of Health guidance.

33.2 Insurance: Risk Pooling Schemes administered by NHSLA

The Board shall decide if the Trust will insure through the risk pooling schemes administered by the NHS Litigation Authority or self insure for some or all of the risks covered by the risk pooling schemes. If the Board decides not to use the risk pooling schemes for any of the risk areas (clinical, property and employers/third party liability) covered by the scheme this decision shall be reviewed annually.

33.3 Insurance arrangements with commercial insurers

33.3.1 There is a general prohibition on entering into insurance arrangements with commercial insurers. There are, however, three exceptions when Trust’s may enter into insurance arrangements with commercial insurers. The exceptions are:

a) Trust’s may enter commercial arrangements for insuring motor vehicles owned by the Trust including insuring third party liability arising from their use;

b) where the Trust is involved with a consortium in a Private Finance Initiative contract and the other consortium members require that commercial insurance arrangements are entered into; and

c) where income generation activities take place. Income generation activities should normally be insured against all risks using commercial insurance. If the income generation activity is also an activity normally carried out by the Trust for a NHS purpose the activity may be covered in the risk pool. Confirmation of
coverage in the risk pool must be obtained from the Litigation Authority. In any case of doubt concerning a Trust’s powers to enter into commercial insurance arrangements the Finance Director should consult the Department of Health.

33.4 **Arrangements to be followed by the Board in agreeing Insurance cover**

a. Where the Board decides to use the risk pooling schemes administered by the NHS Litigation Authority the Director of Finance and Procurement shall ensure that the arrangements entered into are appropriate and complementary to the risk management programme. The Director of Finance and Procurement shall ensure that documented procedures cover these arrangements.

b. Where the Board decides not to use the risk pooling schemes administered by the NHS Litigation Authority for one or other of the risks covered by the schemes, the Director of Finance and Procurement shall ensure that the Board is informed of the nature and extent of the risks that are self insured as a result of this decision. The Director of Finance and Procurement will draw up formal documented procedures for the management of any claims arising from third parties and payments in respect of losses which will not be reimbursed.

c. All the risk pooling schemes require Scheme members to make some contribution to the settlement of claims (the ‘deductible’). The Director of Finance and Procurement should ensure documented procedures also cover the management of claims and payments below the deductible in each case.
