If you are **disabled** we have special parking spaces and toilets for you.

Please **tell us** if you can’t hear well, or need help to understand what we say.

If you have a **Hospital Passport** please bring it with you. Bring your Health Action Plan too if you have one.

If you need help or have questions, please speak to our **Patient Advice and Liaison Service (PALS)**.

You can call them on **01865 235 855** Monday to Friday 9.00am - 5.00pm.

They will keep anything you tell them **private**.

Tell them if you need special **support** or **equipment** for your hospital stay or visit.
Your hospital visit (being an ‘outpatient’)  

Please bring the **letter** we sent to you, and show it at reception.

When you arrive, please tell us the **name** and **phone number** of someone who cares about you.

This is so we can tell them if you are very poorly.

We may ask you to sign a **‘consent’** form. This means you are saying it is OK for us to treat you.

Please ask any questions you want to before you decide whether to sign the form.

Contact your liaison nurse or Learning Disability Team if you need to know more about your treatment first.

You can **change your mind**, even if you have signed the form.

If you find it hard to decide, your family or carers will talk with the doctors and nurses and they may decide for you. This is a **‘best interest decision’**.
Your hospital visit (being an ‘outpatient’)

Ask for a Hospital Passport Form, to tell the doctors and nurses how you want to be supported.

Do tell us if you don’t want them there.

Doctors and nurses must clean their hands before they touch you. If you want to check that they have, just ask.
Staying in hospital (being an ‘inpatient’)

You may have to stay in hospital for the night.

If you do, please bring these things with you.

**Pyjamas** or **nightdress**.

**Dressing gown** and **slippers**.

Staying in hospital (being an ‘inpatient’)

You will stay in a hospital ‘ward’.

We have free Wi-Fi called ‘OUH-GUEST’, so you can use the internet.

We will offer you three meals a day. You can choose a special meal, like a vegetarian one, if you want.

You can have snacks and drinks during the day if you are hungry or thirsty.

People can visit, but ask the nurses when it is best for them to come, and if they are allowed to bring flowers.

Anyone with a cold or tummy upset should not visit you in hospital until they are better.

Most of our wards are men-only or women-only, and we try to keep it that way if we can.
Shops, restaurants and cashpoints
There are shops, a restaurant and cafes in the hospital, and a cashpoint inside the WH Smith shop.

Chaplaincy
We have hospital Chaplains here to talk to, if you are worried or upset. You don’t have to be religious.

Leaving hospital

Leaving hospital is called ‘discharge’. We will help you plan for this and make sure you can manage when you get home.

We might ask a Social Worker if you need extra support. They will talk to you and your family/carer about this.

We will try to get you home for lunch on the day you leave.

If you are not going home until later, you can wait in a special room where there are nurses to help you.

If you are not quite well enough to go home, you might go to a ‘community hospital’ for a bit first.

There are nine community hospitals in Oxfordshire, but you can’t always choose which one you go to.
Coming to hospital by car

You can come by car or public transport.

**We don’t have many parking spaces, so please come by bus or taxi if you can.**

If you come by car we have spaces for people with disabled Blue Badges, but you have to pay to park there.

You pay at a machine in the car park when you are ready to leave; or, you buy a ticket when you arrive and put it in the window of your car.

If you come to hospital a lot you might be able to get cheap or free parking.

Please ask the doctors or nurses caring for you how to arrange this.
