We are here to help

Are you a patient at our hospital?

Is someone in your family a patient?

Are you worried about something that has happened in hospital?

Do you want to ask us a question?

We are the Patient Advice and Liaison Service (PALS for short)

We will listen to you.

If something is wrong in hospital we will try to make it better. We can talk to people who work in the hospital.

If we can’t help, we can find someone else who can.

If something bad has happened in hospital, we can help you tell the people who run the hospital about it.
What to do if you are worried

If you are unhappy about something that has happened in hospital, tell the people who work there.

If they can’t help, come and talk to PALS.

We won’t tell anyone what you tell us, unless you want us to.

You can ask someone you trust to speak to us for you.

You can come to our office any time 9.00am - 4.00pm Monday to Friday.

We can even come to see you in your hospital bed.
How to contact PALS

**John Radcliffe / Churchill Hospital**
Telephone (01865) 221473 or 740868
Email PALSJR@ouh.nhs.uk
