Oxford Kidney Unit

Living with kidney failure –
the Kidney Patient Advisor
The Kidney Patient Advisor works with the team of doctors, nurses, dietitians and pharmacists who are involved in caring for patients with kidney disease. They work with people before they come to dialysis, those on dialysis and those who have had a kidney transplant. Having someone in the family with chronic kidney disease affects everyone and the Kidney Patient Advisors are here to offer support to your family and your carers.

The Kidney Patient Advisor can give advice and support on a range of personal, emotional and practical matters.
We offer help on a variety of issues

- Benefits and finances
- Grants from charities, including holiday grants
- Help at home, such as referral to social and health care teams
- Liaison with housing departments
- Hospital discharge planning
- Emotional and supportive counselling
- Advocacy (support with decision making)
- Referrals for warden call systems and telephone installation
- Assistance with looking for residential and nursing homes, if required.

Living with kidney failure does present challenges and problems. It can be helpful to talk with someone from the kidney team about this.

The Kidney Patient Advisory Service offers you and your family an opportunity to talk about any of the above issues. If you would like to talk with a Kidney Patient Advisor please ask any member of your kidney team. Alternatively, you may like to contact them directly.

For psychological care there is a dedicated psychologist in the unit. If you wish to speak to a psychologist, please ask your kidney team. A separate leaflet about this service is available; please ask your kidney team for a copy.

Contact details

If you wish to contact a Patient Kidney Advisor, please telephone: **01865 226 570**

Working hours are office hours, Monday to Friday. Please leave a message on the answer machine outside of working hours.
If you have a specific requirement, need an interpreter, a document in Easy Read, another language, large print, Braille or audio version, please call 01865 221 473 or email PALS@ouh.nhs.uk
