1. The first annual report of the NHS Buckinghamshire, Oxfordshire and Berkshire West Integrated Care Board (BOB ICB) was published in June 2023. The report looks at the work of the ICB from its establishment 1 July 2022 until the end of March 2023.
2. The ICB has the statutory responsibility to plan, buy and oversee health services for nearly 2 million people from a range of NHS, voluntary, charitable, community and private sector providers. The ICB is supporting the development of an Integrated Care System (ICS) which includes local NHS organisations and primary care providers, local authorities, public health, Healthwatch, care providers, voluntary and community groups, as well as academic and research partners. This collaboration is called the Buckinghamshire, Oxfordshire and Berkshire West Integrated Care Partnership (BOB ICP); the group work together to plan and provide health and care services for the people who live and work in the local authority areas of Buckinghamshire, Oxfordshire and Berkshire's three westerly local authority areas of West Berkshire, Reading and Wokingham (known as 'Berkshire West').

3. The report, which can be found on the BOB ICB [website](#), provides a review and analysis of performance and accountability, as well as the required Corporate Governance statements and Remuneration and Staffing information.
