Comments:

In submitting this sample the clinician confirms that consent has been obtained for testing and storage. Anonymised stored samples may be used for quality control procedures including validation of new genetic tests.

**Further Information:**

In complying with the Human Tissue Act 2004 all surplus tissue samples are discarded once DNA/RNA has been extracted. Please be aware that anonymised genomic and clinical data may be shared within and beyond the NHS for diagnostic and research purposes.

**Electronic Reporting via Email:**

The Oxford Genetics Laboratories are now offering the option to receive reports by Email. If you would like to receive future reports via this method please provide your email address in the referrer details section (securely accredited DCB1596 domain preferred). To set this up, the laboratory will contact you with further information.

**Laboratory contact details:**

General Enquiries Tel: +44 (0)1865 226001

Duty scientist e-mail: [dutyscientist.oxfordgenetics@ouh.nhs.uk](mailto:dutyscientist.oxfordgenetics@ouh.nhs.uk)

**Opening hours:** 9.00am – 5.00pm Monday – Friday (excluding bank holidays)

**Sample dispatch:**

Please send blood samples at room temperature via your local pathology sample transport pathway or by 1st class post or courier to:  
(For other samples please enquire or consult web-site)

**Oxford Regional Genetics Laboratories  
Churchill Hospital  
Old Road  
Headington  
Oxford  
OX3 7LE  
UK**

**N.B. Samples for chromosome analysis should be sent to arrive at the laboratory within 24 hours.**

**For further information about sample requirements and tests available see:**

[www.ouh.nhs.uk/geneticslab](http://www.ouh.nhs.uk/geneticslab)

**Information for patients:**

Blood samples can be arranged via your GP or the phlebotomy clinic of your local hospital. This form must accompany the sample.

Following receipt of the sample, laboratory staff are unable to provide information on samples and test results directly to patients or their relatives. Such enquiries should be directed to the referring clinical teams
