The new OUH Maternity Guideline Webpage was launched early January 2013. This is the place where you will be able to find all current maternity related guidelines. The paper guidelines are all in the process of being updated.

To access them you will need to be signed into an "oxnet" linked computer. Enter the following address: http://ouh.oxnet.nhs.uk/Maternity/Pages/Guidelines.aspx

The above page will open and you can either type in the "search guideline" box the word of the guideline/condition you are looking for or you can click on the "view list of all guidelines" below the box. This will bring up an alphabetical list of all guidelines (see below).

When the guideline is clicked it will bring up the full guideline +/- executive summary/referral forms and any linked NICE/RCOG guidance.

For any questions in regards to this please contact katie.lean@ouh.nhs.uk .
