

Dear

I am writing to respond to your request sent on the 14th September 2016. OUH can confirm that it holds some of the data requested.

- 1) How many patients in your area have been diagnosed with type 1 diabetes? The Trust does not have data for diagnosed, only those treated
- 2) How many patients in your area with type 1 diabetes are currently using insulin pump therapy? 288 patients
- 3) How many new individual insulin pumps have you commissioned in:

a) April 2012 – March 2013 -15
b) April 2013 – March 2014 -17
c) April 2014 – March 2015 -27
d) April 2015 – April 2016 -23

- 4) What number of the population do you cover? Around 29,000 diabetic patients
- 5) What percentage of your diabetes population were a) offered and b) received an insulin pump in i) 2012/13, ii) 2013/14, iii) 2014/15 and iv) 2015/16? The Trust is unable to respond to Q5, diabetes is commonly coded co-morbidity
- 6) Do you give all eligible patients the choice of insulin pump therapy in line with NICE guidance on insulin pumps (TA151)? Choice of pumps are offered or at least have done up until now. The process is under review.
- 7) What guidance, information, and structured education do you provide on insulin pumps for a) providers and b) patients? The Trust is unable to respond to Q7, data held is on insulin pump insertions and not how many have been commissioned.

Regards,
