Title of Post: Trust Doctor in Obstetrics & Gynaecology
Grade: Specialty Trainee Year 5 equivalent or above
Duration: 12 months
Specialty: Obstetrics & Gynaecology
Trust: Oxford University Hospitals NHS Foundation Trust
Base Hospitals: Horton General Hospital and John Radcliffe Hospital
District: Oxfordshire
Remuneration: £38200.00 - £47647.00 plus pay premia of 5K
Clinical Director: [REDACTED]
College Tutor: [REDACTED]
Rota co-ordinator: [REDACTED]
Work Pattern: EWTD compliant band 1B rota

Useful Names

Staffing Manager: [REDACTED]

Post

The post includes general duties in Obstetrics & Gynaecology

Essential requirements

Specialty Training Year 5 or equivalent experience
GMC registration
MRCOG part 1

Desirable requirements

(For a full list of requirements please refer to Person Specification Form)

General information

Applications are invited for the above post at the Horton General Hospital, Banbury, and John Radcliffe Hospital, Oxford. The appointment, which commences on 1st August 2016, is for 12 months.

The post offers an opportunity for senior middle grade doctors, who have achieved competencies at least ST5 level, to consolidate their clinical skills by working in a small friendly unit whilst gaining additional experience in a tertiary level department. There may be also be an opportunity to participate in some ATSM skills modules and become involved in clinical research.

The enhanced pay reflects the seniority of medical staff expected to fill the post. The regular sessions at the John Radcliffe Hospital will ensure that clinical skills are enhanced for the purposes of career progression.

There will be several full-time posts available at ST6-7 level. These posts are part of a full shift 1B rota, which includes out-of-hours duties. During those out-of-hours duties, the post holder will be responsible for Delivery Suite and Emergency Gynaecology at the Horton General Hospital.

Applicants interested in less than full-time work are also invited to apply and will be considered for appointment.

Duties of the Post

This is a post based primarily at the Horton General Hospital, Banbury, but with significant clinical duties at John Radcliffe Hospital, Oxford.

The post involves general duties in Obstetrics & Gynaecology, which include:

- Delivery Suite and elective Caesarean section lists
- Urgent gynaecology, including early pregnancy clinic
- Inpatient gynaecology ward rounds
- Gynaecology theatres
- Obstetric ward rounds and Maternity Assessment Unit cover
- General antenatal clinics
- General gynaecology clinics
- Out of hours on-call duties

Duties are part of a 9-cell full shift rota. Every 9-week cycle includes one weekend of daytime duty; one weekend of night duty; one set of four week nights; four long day shifts; two sets of daytime duties at the John Radcliffe Hospital and one week of annual leave. Normal daytime duty hours are 08.30-17.00; twilight shifts are 13.00-20.30; weekend daytime shifts are 08.00-20.30, and night shifts are 20.00-08.30.

Induction

Departmental induction will be arranged at the start of the post.

Annual leave

There is allocated annual leave in the calendar week following a set of week nights, which can be exchanged for a different week by mutual arrangement between two doctors, and with the agreement of the rota co-ordinator.

EWTD zero hours

To ensure EWTD compliance, the following compensatory off-duty arrangements are in place; these are not part of the annual leave entitlement:

- Morning off (08.00-13.00) on the day of a twilight shift (13.00-20.30)
- Monday and Tuesday off following a weekend of night shifts
- Tuesday off following a weekend of day shifts

Teaching

Teaching both undergraduates and postgraduates is an essential component of the post in this teaching hospital. Hence, the post holder is expected to take an active role in teaching medical students and junior medical staff.

The Department

The Department of Obstetrics & Gynaecology provides maternity and gynaecology services to the Oxford region, and is responsible for over 8,000 deliveries per year. It is also a tertiary referral centre for District General Hospitals in Buckinghamshire, Berkshire, Northamptonshire and Wiltshire, and an approved training centre for subspecialties in Maternal and Fetal Medicine, Gynaecological Oncology, Urogynaecology and Reproductive Medicine. There are close links with the Nuffield Department of Obstetrics & Gynaecology, University of Oxford.

Oxford University Hospitals NHS Foundation Trust provides inpatient maternity services across 5 sites. The John Radcliffe Hospital has an obstetric unit (6000 deliveries per year), which provides high-risk tertiary level care. It has a regional Fetal Medicine Unit, a high-risk Maternal Medicine Unit and a large level 3 Neonatal Intensive Care Unit. The Horton General Hospital has a small obstetric unit (1500 deliveries per year)

There is a Midwifery led unit at the John Radcliffe Hospital, and three “stand-alone” Midwifery led units at Wallingford, Wantage and Chipping Norton.

Trust Information

Information about the Horton General Hospital and John Radcliffe Hospital, both of which are part of the Oxford University Hospitals NHS Foundation Trust, can be found on the hospital's website www.ouh.nhs.uk

Information about the Nuffield Department of Obstetrics & Gynaecology can be found at www.obs-gyn.ac.uk

For further information regarding this post, please contact [REDACTED]
[REDACTED]
[REDACTED]

No unsolicited recruitment agency telephone calls or emails.

Please note that this post is subject to a 6 month probationary period. If you currently hold a contract of employment with the Oxford University Hospitals, this will not apply. This statement does not apply to Medical staff or Executive Appointments.

Please make sure that you read the job description and person specification attached below, and that your statement in support reflects this as your application will be judged against these criteria.

When providing employment reference details please provide correct work related email addresses so references can be sought promptly when we are looking to progress your application. Your first referee will need to be your line manager, supervisor or clinical lead from your current or most recent post or place of study. This information is essential if your offer of employment is to be confirmed.

Candidates selected for interview will be contacted after the short listing process, usually within 2 weeks. (Please note that shortlisting times vary when applying for a Medical position within the Trust) The majority of correspondence will be via the e-recruitment system, therefore you should check your emails regularly including junk mail folders in web- based email products.

General information

Applications are invited for the above post at the Horton General Hospital, Banbury, and John Radcliffe Hospital, Oxford. The appointment commences immediately and is for a period of 12 months which can be extended by mutual agreement. The post offers an opportunity for senior middle grade doctors, who have achieved competencies at least ST5 level, to consolidate their clinical skills by working in a small friendly unit whilst gaining additional experience in a tertiary level department.

There is an opportunity to participate in RCOG ATSM skills modules where eligible candidates are appointed. The modules available are Advanced Labour Ward Practice, Advanced Antenatal Practice and Early Pregnancy.

The enhanced pay reflects the seniority of medical staff expected to fill the post. The regular sessions at the John Radcliffe Hospital will ensure that clinical skills are developed for the purposes of career progression.

There will be several full-time posts available at ST6-7 level. These posts are part of a full shift 1A rota, which includes out-of-hours duties. During those out-of-hours duties, the post holder will be responsible for Delivery Suite and Emergency Gynaecology at the Horton General Hospital.

Applicants interested in less than full-time work are also invited to apply and will be considered for appointment.

Duties of the Post

This post is intended to be based primarily at the Horton General Hospital, Banbury, but with significant clinical duties at John Radcliffe Hospital, Oxford. This will allow development of clinical skills at the John Radcliffe where over 6000 women per year give birth while supporting the Horton out of hours which is much quieter with approximately 1500 births per year.

However, due to staffing shortages a decision was made on 31/8/2016 to temporarily close the unit from 03/10/2016 onwards until such time as the vacant posts are filled.

While the unit at the Horton Hospital is closed, the post-holders will be working entirely at the John Radcliffe Hospital, supporting the Specialist Trainee rota.

The post involves general duties in Obstetrics & Gynaecology, which include:

☐☐ Delivery Suite and elective Caesarean section lists

☐☐ Urgent gynaecology, including early pregnancy clinic

☐☐ Inpatient gynaecology ward rounds

☐☐ Gynaecology theatres

☐☐ Obstetric ward rounds and Maternity Assessment Unit cover

☐☐ General antenatal clinics

☐☐ General gynaecology clinics

☐☐ Out of hours on-call duties

Duties are part of a 9-cell full shift rota. Every 9-week cycle includes one weekend of daytime duty; one weekend of night duty; one set of four week nights; four long day shifts; two sets of daytime duties at the John Radcliffe Hospital and one week of annual leave. Normal daytime duty hours are 08.30-17.00; twilight shifts are 13.00-20.30; weekend daytime shifts are 08.00-20.30, and night shifts are 20.00-08.30.

If only 8 doctors are in post, then this will become an 8 cell EWTD compliant and the banding (included in the gross salary) is set at 1A to reflect this.

Induction

Departmental induction will be arranged at the start of

the post. Annual leave

There is allocated annual leave in the calendar week following a set of week nights, which can be exchanged for a different week by mutual arrangement between two doctors, and with the agreement of the rota co-ordinator.

EWTD zero hours

To ensure EWTD compliance, the following compensatory off-duty arrangements are in place; these are not part of the annual leave entitlement:

☐ Morning off (08.00-13.00) on the day of a twilight shift (13.00-20.30)

☐ Monday and Tuesday off following a weekend of night shifts

☐ Tuesday off following a weekend of day shifts

Teaching

Teaching both undergraduates and postgraduates is an essential component of the post in this teaching hospital. Hence, the post holder is expected to take an active role in teaching medical students and junior medical staff.

The Department

The Department of Obstetrics & Gynaecology provides maternity and gynaecology

services to the Oxford region, and is responsible for over 8,000 deliveries per year. It is also a tertiary referral centre

for District General Hospitals in Buckinghamshire, Berkshire, Northamptonshire and Wiltshire, and an approved training centre for subspecialties in Maternal and Fetal Medicine, Gynaecological Oncology, Uro-gynaecology and Reproductive Medicine. There are close links with the Nuffield Department of Obstetrics & Gynaecology, University of Oxford.

Oxford University Hospitals NHS Foundation Trust provides inpatient maternity services across 5 sites. The John Radcliffe Hospital has an obstetric unit (6000 deliveries per year), which provides high-risk tertiary level care. It has a regional Fetal Medicine Unit, a high-risk Maternal Medicine Unit and a large level 3 Neonatal Intensive Care Unit. The Horton General Hospital has a small obstetric unit (1500 deliveries per year)

There is a Midwifery led unit at the John Radcliffe Hospital, and three “stand-alone” Midwifery led units at Wallingford, Wantage and Chipping Norton.

Trust Information

Information about the Horton General Hospital and John Radcliffe Hospital, both of which are part of the Oxford University Hospitals NHS Foundation Trust, can be found on the hospital’s website www.ouh.nhs.uk
