Request

1. What is the Trust's annual spend on anti-TNF drugs (most recent year available)?
2. How many patients has the Trust treated with anti-TNF drugs in the last 12 months?
3. What is the % split of anti-TNF patients by the following channels:

Channel	% of Patients
Homecare	
Outpatient	
Inpatient	

4. How many patients has the Trust treated with the following conditions in last 12 months:

Condition	Number of Patients
Rheumatoid Arthritis	
Crohn's Disease	
Psoriasis	
Other anti-TNF Conditions	

5. Are there any gain share agreements in place between the Trust and CCGs for anti-TNF biosimilars?
If yes, please provide:

Name of CCG	Name of Specific Drug?	Start Date of Agreement	Length of Agreement	Gain Share Split %
