

FOI 6701 Haemodynamic Monitoring System

Request & Response

1. What Haemodynamic monitoring system they currently use? Siemens Sensis.
2. When it was purchased? 3 systems are in operation. 2 are older than the labs (before 2009) and one is the same age as the labs 2009.
3. When will it be renewed? These systems are due to be replaced and we have just started the feasibility study to evaluate our Cathlab refurbishments.
4. Would it also be possible to obtain the contact details of the person dealing with managing the haemodynamic monitoring in your Cardiac Catheterisation Laboratory? Exempted under S. 40 FOIA - personal information.
