SLEEP QUESTIONNAIRE FOR ADULTS
and children aged 11+ years

Some of the questions in this questionnaire ask about things that may happen whilst you are asleep (and of which you yourself would be unaware). Therefore, if possible, please complete this questionnaire with the help of someone who can comment on what you do when you are asleep (i.e. A sleeping partner/parent/friend etc.)

PART ONE
We would be grateful of the following general information:

Name..................................................................................................................................................

Date of birth......................................................................................................................................

Address..........................................................................................................................................
..........................................................................................................................................................
..........................................................................................................................................................

Home phone number / contact number............................................................................................

Email address: .................................................................................................................................

General practitioner details: ...........................................................................................................
..........................................................................................................................................................
..........................................................................................................................................................

Height..............................................Weight.................................................................

Date questionnaire completed...........................................................................................................

Have you had any excessive weight gain / weight loss in the last six months?   YES   NO
Please describe.

Give name of any medical disease or illness which you have at present or have had in the last month

Details of any treatment or medication which you are currently taking (including sleeping medication) or have had in the last month
Have you any history of epilepsy / convulsions / fits / seizures? 
YES NO
Please describe.

Do you have frequent coughs, colds, or allergies? 
YES NO

Do you smoke cigarettes? 
YES NO
Please describe how many per day.

Do you take other substances (e.g. Cannabis)? 
YES NO
Please describe what and how often.

Do you drink caffeinated drinks (e.g. tea, coffee, cola)? 
YES NO
Tea…………………………..
Coffee………………………
Cola…………………………

What is your occupation?

What is your main sleep problem?

How long have you had it?

**PART TWO**

*In this section we would like to know about your present sleeping habits. Your answers to the questions should be based on your sleeping habits during the LAST ONE MONTH only.*

*Please circle either YES or NO, tick one of the boxes or, where appropriate, write your answer.*

1) How many other people sleep in the same room as you? 
……………………………..

2) On average how long does it take you to fall asleep?
……………………………..

3) When you are in bed awake, what do you think about?
   Trying to fall asleep ( )
   Family matters ( )
   Work / college / school ( )
   Other (Please explain) ( )
4) Do you do anything in bed to help you to get to sleep such as...

- Relaxation exercises ( )
- Counting ( )
- Lying still ( )
- Reading ( )
- Watching TV ( )
- Listening to radio ( )
- Using ear plugs ( )
- Other (please explain) ( )

5) How often do you have trouble getting off to sleep?

- Never ( )
- Less than once a month ( )
- About once a month ( )
- Two to four times a month ( )
- Many times a week ( )
- Daily ( )

6) What do you do if you can not sleep (e.g., get up, watch TV in bed, lie in the dark etc.)?

7) Do you get out of bed when you cannot sleep? YES NO

8) If you get out of bed what do you do once you are up?

9) Do you get annoyed / angry when you cannot sleep? YES NO

10) Before you fall asleep at night do your legs feel achy? YES NO

11) Do you have to move them about in bed? YES NO

12) Do you have to get out of bed to ease your aching legs? YES NO

13) How often do you wake in the night?

- Never ( )
- Less than once a month ( )
- About once a month ( )
- Two to four times a month ( )
- Many times a week ( )
- Daily ( )

14) If you usually wake in the night, how many times do you usually wake each night? ........................................
15) How long does it usually take to fall asleep again? Few minutes ( )
Up to half an hour ( )
Up to one hour ( )
One – two hours ( )
More than two hours ( )

16) What do you do before getting back to sleep again (e.g. go to the toilet, watch TV, read etc)?

17) Do you ever sleep in unusual positions? YES NO
If YES please describe.

18) If you sleep poorly how does it affect you the next day? Please describe.

19) Does a poor night’s sleep make you…

… Depressed? YES NO
… Anxious? YES NO
… Irritable? YES NO
… Tired? YES NO

20) Does a poor night sleep affect your…

… Concentration? YES NO
… Memory? YES NO
… Ability to work? YES NO

21) How long would you like to sleep for each night? …………………

22) How long do you think normal people of your age sleep for each night? …………………
**PART THREE**

Some people sleep differently during the week than on weekends or holidays. Please answer the following questions about how you have been sleeping during the weekdays and also at weekends/holidays. Please write your answer or circle YES or NO. Base your answers on your sleep over the LAST ONE MONTH. If there is no difference between your sleep on weekdays and weekends/holidays then just fill in the column marked “Weekdays”.

<table>
<thead>
<tr>
<th></th>
<th>Weekdays</th>
<th>Weekends or Holidays</th>

</tbody>
</table>
PART FIVE
This section asks some questions about the family’s sleep and also treatments for sleep problems you might have tried. Please circle either YES or NO and, where appropriate, write your answer.

1) Have you ever had any advice or treatment for your sleep?  
   YES  NO  
   If YES, please describe.

2) Was this advice or treatment helpful?  
   YES  NO

3) How severe do you consider your sleep problems to be?  
   Mild ( )  Moderate ( )  Severe ( )

4) Are other members of the family affected by your sleep pattern?  
   YES  NO  
   Please describe who and how they are affected.

5) Has anyone on either side of the family had any sleep problems (e.g. Nightmares, sleepwalking, night terrors, unusual jerks, or movements, or other attacks)? If so, please describe and state their relationship to you.

6) Is there anything else about your sleep, or anything else, that you think is important and we have not mentioned? Please give details below.

Thank you very much for completing this questionnaire
