## **Kura tal-Pin Sites**

**ILIZAROV Team**

# Kura tal-Pin Sites

## L-ewwel tibdil tad-dressing

Jekk hu possibli, id-`dressing` ta` wara l-operazzjoni jhalluha hemm ghal 36-48 siegha. Qabel ma jnehu d-`dressing` il-frame jitnaddaf sew. Meta jitnaddaf u jixxut-tawh, inehhu d-`dressing` bil-mod u jarmuha. Meta jnaddfu l-feriti juzaw teknika asettika u jergghu jaghmlu `dressing` ohra biex jibda jghin biex tghin fil- process tal-fejqan tal-feriti.

## L-ewwel gimgha tal-kura tal-pin sites....

Meta tkun l-isptar in-`nursing` u s-`surgical staff` joqogħdu attenti u juzaw it-teknika asettika meta jieħdu hsieb il-pin sites. Ghall-bidu l-kura tal-pin sites tkun f`idejn in-`nurses`. Sakemm il-feriti jibdew ifiequ tajjeb li tnaddaf il-pin sites fuq is-sodda u tuza it-`trolley` tad-`dressing`.

## Kura tal-Pin Sites

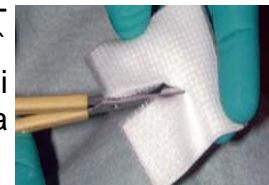

Biex tnaddaf il-pin sites uza garza sterilizzata jew `cotton buds` sterilizzati. Il-pin sites jigu ccekkjati kuljum. Jekk ma jkunx hemm problemi m`hemmx għalfejn izjed kura. Jekk tara qoxra titrabba, trid tneħhiha. Uza cotton bud jew garza mxarrba bl-ilma sterilizzat, laħlah il-ferita bil-mod. Tuzax l-istess cotton bud jew garza biex tnaddaf ohrajn ghax jistaw jinfettaw il-pin sites l-ohra. Jekk ikun hemm qoxra normali li qed tikber madwar il-pin, tmissuhiex. Dawn tindunaw bihom meta qed ittawwal il-frame. Din il-qoxra eventwalment taqa` wehida. Jekk il-pin sites ma jnixxux, tista` thallihom mikxufin. Izda jekk

postijiet diffi-

inixxu aghmel `key-hole dressing` sabiex ma jcarcrux fuq pin sites ohra. Uza ir-`rubber bung` biex iz-zomm id-`dressing` f`postha u oqghod attent li ma tagħfasx fuq il-gilda fejn hemm il-ferita.

## Meta l-feriti jkunu fiequ.....

Hafna mill-pazjenti jkunu jist-ghu jieħdu shower sebat ijiem wara l-operazzjoni. Normalment sa dan iz-zmien il-feriti jkunu fiequ.. Jekk m`intix car staqsi l-llizarov tim biex jagħtik parir.

Jista` jkun li certi pazjenti jagħmu `plastic surgery` meta jkunu għamlu l-operazzjoni. Jekk dan huwa l-kaz, staqsi lil-`Plastic surgery team` rigward kemm iddum fix-xower, jekk qieghed tikkura l-feriti.

## Meta qed tieħu xower...

Jekk il-faxex wahu mal-feriti, tmisshomx sakemm toħrog mix-xower. Meta l-faxex jixxarrbu sew, jkun izjed facli biex tneħhihom. Jista` jkollok bzonn ghajjuna biex tieħu xower. L-ewwel inħasel. Wara ikkoncentra fuq i-frame u l-pin sites billi tuza `cotton buds` jew garza biex tnaddaf

postijiet diffi-

Jew inkella tista` thossok aktar komdu li tnaddaf il-pinsites fuq is-sodda. Tista` tieħu banju bil-frames pero` laħlah il-frame u l-pin sites wara l-banju. Ma nagħtux parir li tieħdu banju meta tkunu l-isptar.
