

Emergency Department

Sedation advice

You are being given this leaflet as you have had medications today which were designed to make you drowsy during your procedure. We have observed you to check that there have been no side-effects from the medication and are happy that you are now recovered enough to be able to go home. However we still advise the following:

- You must have a responsible adult to take you home and to stay with you for the next 12 hours.
- You should rest for the next 24 hours.
- You should not drive, drink alcohol, operate machinery or sign legally binding documents for 24 hours.

How to contact us

If you have any questions or concerns, please contact:

Emergency Department
John Radcliffe Hospital

Tel: 01865 220 224

Emergency Department
Horton Hospital

Tel: 01295 229 412

Alternatively you can contact your GP or NHS 111 (Freephone), for emergency advice.

If you need this leaflet in another format or language please contact PALS on **01865 221 473** or email **PALSJR@ouh.nhs.uk**
