

Assessment of baby's growth and placenta

Information for parents to be

The Fetal Medicine Unit (FMU)

You have been referred for further assessment of your baby's growth and placenta.

The Fetal Medicine Unit (FMU) is made up of a team of doctors and midwives who specialise in the medical care of babies before they are born. One of the doctors in the FMU will review your baby's scan measurements and images electronically. You will be contacted by an FMU midwife within 5 working days of the referral to let you know the outcome of this review and whether a follow up appointment is required.

The referral does not necessarily mean that there is a problem with your baby or placenta but your baby may require closer monitoring.
