

# Directly bookable C&B

- The following is a quick guide on how to use DBS (directly bookable service) on the e-Referral Service
- This means a patient could walk out of your surgery with an appointment date and time
- If you give the paper work to the patient or carer they can also make a direct booking themselves either online using the C&B web site or on the C&B telephone line (in Section 2)
- The referral will sit in the departments inbox for C&B whatever else happens so cannot be lost!!.
