

CONSENT:

In submitting this sample the clinician confirms that informed consent has been obtained for (a) storage and testing (current and future testing as this becomes available) (b) the use of this sample and the information generated from it to be shared with members of the donor's family and their health professionals (if appropriate).

If specific consent to any of the above is not given please provide details below.

The patient should be advised that the sample may be used anonymously for quality assurance, training and research purposes.

Further Information:

In complying with the Human Tissue Act 2004 all surplus tissue samples are discarded once DNA/RNA has been extracted.

Please be aware that anonymised genomic and clinical data may be shared within and beyond the NHS for diagnostic and research purposes.

Electronic Reporting via Email:

The Oxford Genetics Laboratories are now offering the option to receive reports by Email. If you would like to receive future reports via this method please provide your email address in the referrer details section (NHS.net email preferred). To set this up, the laboratory will contact you with further information.
